Dear Mr. Armstrong:

Your letter to Governor Deval Patrick has been referred to me for response. In your letter you raise questions regarding the appropriateness of your conviction and subsequent sentence to the Florida Department of Correction. Please be advised this is a matter the court and District Attorney need to address, as neither the Governor of Massachusetts nor the Department of Correction have jurisdiction in the matter. You may wish to consult an attorney concerning your rights to appeal the conviction.

Since you are currently incarcerated at Union Correctional Institution, I have forwarded your letter to Warden Barry reddish, for any action he may deem appropriate. The Warden is best suited to address your issues.

I trust this addresses your concerns.

Sincerely,

Kate Fitzgibbons

EXhibit, I sent a Complaint to those officials, and asked for some Discovery information what I was entitled to receive, Sadly to stated they respond is status-quo. at best, because they seem less helpful, and even sent a copy to the prison warden, who do not have the legal Authority to remedy outside issues. That only further Block Administrative remedy, which Subject me to obtain a court order to get meaningful record, and otherwise, what may able to help my pending cases.
